

Time schedule for group meeting

Organized by Prof Mujumdar

Time: 9.00~12:20 AM, Thursday, 11th October, 2007

Venue: Multi-media room, EA-05-50

Time	Speaker	Presentation title
9:00~9:35	Poh Hee Joo	Mass Transport Enhancement in Proton Exchange Membrane Fuel Cell
9:35~10:00	Wang Xiangqi	Simulation on ladle filling operation
10:00~10:20	Agus Pulung Sasmito	Simulation on net flow channel PEMFC: Validation and parametric study
10:20~10:40	Jundika Candra Kurnia	Introduction to Nano Crystalline Electrode Material for Rechargeable Battery
10:40~10:55	Shek Mohammod Atiqure Rahman	Update of simulation and experiment on vortex tube
10: 55~11:20	Law Lim chung	A short summary on current work
11:20~10:45	XU Peng	Permeability of porous media and transport properties of tree-like structures
10:45~12:00	Wu zhonghua	Mathematical model of lost foam casting-preliminary study
