10:45-10:50		Q&A
10:50-11:00	Li hailong	Explosive boiling
11:00-11:10	Lou Zhengquan	Numerical Simulation of Micro-jet Impinging on Flat Plate
11:10-11:20	Wu Zhonghua	Turbulence models and temperature parameters research in PC drying process

Lou Zhengquan is working on designing a webpage for our group. Please forward your ideas and suggestions to him. Also, please assist in gathering and preparing information so it can be posted for general use. We need to find a catchy name (with good Acronym) for our research group as well as a nice logo. I hope we can all chip in and do this!
